Committee Room,  
Austin, Texas, July 15, 1929.

Hon. Barry Miller, President of the Senate, and Hon. W. S. Barron, Speaker of the House of Representatives.

Gentlemen: Your free conference committee, appointed by the House and Senate, have had House bill No. 3 under consideration, and beg leave to report that we have reached an agreement on said bill as follows, to-wit:

This committee has carefully considered the necessity of the various departments of the State government, and has endeavored as nearly as possible with the funds available to meet these necessities. There will naturally always be some inequalities, but the conferees of both houses worked harmoniously with the single intention of cutting where the least harm would result, and the attached bill results in a decrease of \$409,681.92 from the former conference committee bill vetoed by the Governor.

The total appropriations from the

general fund carried in this bill amount to \$10,432,983.58.

The committee, in writing this bill, itemized it in such manner as to give the widest latitude to the Governor's discretion in vetoing such items as in his judgment he deems best.

The committee, therefore, has rewritten the entire bill, which is attached hereto and made a part hereof.

The motion to table prevailed.

## Reason for Vote.

I voted against Senate bill No. 20 for the reason that I believe it is false economy to stop the development of oil on the State school lands.

A statement made during the J. T. Robison, Land Commissioner, investigation by a member of the Board of Regents was that in his opinion the one-

eighth royalty on University lands would eventually produce two hundred million dollars. We know that many of the big oil companies have lands leased in the State of Texas in proven fields that are not being developed, and it is good business for them, because they save the expense of storage and taxes; but for the State of Texas, through its Legislature, to become a party, stopping all leases on State school lands looks to me as only a matter of playing into the hands of the big oil companies and against the schools and school children of Texas. In stopping production in Texas, we encourage development elsewhere, and, it is only false economy as I see it.

#### MESSAGE FROM THE GOVERNOR.

Executive Office,  
July 16, 1929.

To the Forty-first Legislature.

Ladies and Gentlemen: I am advised that Senate bill No. 24 has passed the Senate, has been favorably reported by a committee in the House, and that a motion not to print the bill has been adopted by the House. I understand that some point of order has been raised that the subjects submitted do not cover this bill. The bill is an amendment to Chapter 186, page 456, Acts of the Thirty-ninth Legislature, passed at the Regular Session. The sponsors of this bill advise me that it is merely corrective of the present statute. I submit the subject of amending the above-mentioned act of the Thirty-ninth Legislature, to relieve the parliamentary situation affecting the aforementioned Senate bill No. 24.

I am further advised that a bill has been introduced in the House amending Article 922, Code of Criminal Procedure, and that this bill is before the House with the committee's favorable report; that a point of order has been raised that the bill is not embraced in any of the subjects previously submitted. This bill has as its purpose the amendment of the aforesaid article, to prescribe additional requirements with reference to filing affidavit as to insanity after the conviction of defendant. The need for amendment is obvious. Since the issue is now before the Legislature, I submit the subject of amending this article of the Code of Criminal Procedure.

Respectfully submitted,  
DAN MOODY,  
Governor.

#### SENATE BILL NO. 13 ON SECOND READING.

The Speaker laid before the House, on its second reading and passage to third reading,

S. B. No. 13, A bill to be entitled "An Act for the relief of Annona Independent School District in Red River county, Texas."

The bill was read second time.

Mr. Wallace offered the following (committee) amendments to the bill:

(1)

Amend Senate bill No. 13 by striking out everything below the enacting clause and inserting in lieu thereof the following:

Section 1. For the purpose of aiding the Annona Independent School District, in Red River county, Texas, the sum of fifteen hundred dollars (\$1500) is hereby appropriated for the purpose of liquidating a part of the indebtedness incurred by the said Annona Independent School District in the reconstruction and repair of the school building of said school district; provided, that the money herein appropriated shall be paid over to the board of trustees of the Annona Independent School District after an affidavit has been executed by each member of the said board of trustees, in which affidavit each member shall upon oath declare that the said fifteen hundred dollars (\$1500) indebtedness was incurred for the purpose of the reconstruction and repair of said school building and that the calamities herein set out actually occurred; that said money shall be paid on a warrant of the State Comptroller, made payable to the board of trustees of Annona Independent School District.

Sec. 2. The importance of this legislation, and the fact that the inhabitants of said school district are now in a financial strait on account of the lack of funds, and the further fact that said school district will be greatly hampered in its educational work unless it receives immediate aid, creates an emergency and an imperative public necessity requiring the suspension of the constitutional rule requiring bills to be read on three several days in each house, and said constitutional rule is hereby suspended, and this act shall take effect and be in force from and after its passage, and it is so enacted.

(2)

Amend Senate bill No. 13 by striking

out all above the enacting clause and inserting in lieu thereof the following:

S. B. No. 13, A bill to be entitled "An Act for the relief of Annona Independent School District, in Red River county, Texas, in order to aid said school district in the payment of debts incurred in the reconstruction of public property destroyed in that community by a cyclone; granting and appropriating to said school district the sum of fifteen hundred dollars (\$1500) for the payment of debts incurred by said school district for the reconstruction and repair of the school building; prescribing the manner in which the funds hereby granted and appropriated shall be paid, and declaring an emergency."

Whereas, Heretofore, to wit, on or about December 30, 1924, the public school building of Annona Independent District, in Red River county, Texas, was totally destroyed by fire, which caused great property damage in that community; and

Whereas, Thereafter, on or about August 15, 1927, the school building of Annona Independent School District was partially destroyed by a local cyclone, which cyclone blew off and destroyed the roof of said school building, and said school building was greatly damaged and rendered wholly inadequate for use by said cyclone; and

Whereas, By amended Section 51, Article 3 of the State Constitution, power and authority is conferred on the Legislature to grant public money to any municipality or other corporations in cases of public calamity; and

Whereas, The fire above referred to caused the total destruction of the public school building of the Annona Independent School District, in Red River county, Texas; and

Whereas, The local cyclone hereinabove referred to caused the partial destruction of said school building; and

Whereas, The local board of trustees of said Annona Independent School District, in Red River county, Texas, has incurred a large amount of indebtedness for the reconstruction and repair of said school building; and

Whereas, Said Annona Independent School District has no funds with which to liquidate said indebtedness and said partial destruction of the school building by the cyclone was and is a great public calamity requiring this Legislature to grant the necessary aid to this independent school district by an appropriation of public money from

funds in the State Treasury not otherwise appropriated, for the purpose of aiding said Annona Independent School District in liquidating said indebtedness to the amount of fifteen hundred dollars (\$1500).

The committee amendments were adopted severally.

#### Reasons for Vote.

We voted against House bill No. 22 because, in our judgment, it is in conflict with the present laws dealing with insane persons. We also think the bill is unconstitutional because it undertakes to designate who, and who alone, shall pass upon valuable rights accorded a person so afflicted. It resolves itself down to this point: Should all of the three sought to be designated refuse to make affidavit, although the person may, as a matter of fact, be insane, then, if he is sentenced to die, it will result, in some instances, in putting insane people to death, which has never been contemplated in a civilized country. Would it not be much safer to let some one or more citizens of reputable standing make the affidavit, and then let a jury pass upon the important matter, rather than make it a condition precedent to giving such trial, that the affidavit of the designated persons, or one of them, in the bill must be made or the issue go untried? We fully appreciate the criticism of recent affidavits that have been made to secure such a trial to condemned persons, and are willing to try and help strengthen the law to prevent such if it can be done, but we cannot persuade ourselves that the above bill will meet the test of the law.

STOREY,  
KENNEDY,  
HARDY,  
DeWOLFE,  
BARRON,  
HOPKINS.

#### General Provisions Applying to All Departments.

All salaries to be paid in twelve equal monthly installments unless otherwise provided herein.

The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amounts herein appropriated for either of said purposes. Provided, that the appropriations made herein for departmental maintenance and miscellaneous items for all the departments of the State government may be changed and substituted within the totals and may be used as a contingent fund for departmental maintenance and miscellaneous items.

The amounts appropriated in this act are intended to cover, and shall cover, the entire cost of the respective items, the same shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation is made herein, except as otherwise provided, shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of the appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made. Provided, that the provisions and the limitations herein above set forth shall not apply to the support and maintenance of the penitentiary system of Texas and the State Department of Health and State Department of Education.

Provided, that the head of each department keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or on leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said department.

Provided, further, that it shall be the duty of the head of any department to transfer an employee of his office to any desk or place within his department when necessary to perform the duties of the department and proper dispatch of business.

Provided, however, that the head of any Department of State Government, or any Board or Commission of State Government, may use part time employees to fill any position provided for in this act at a salary not to exceed more than one-half the amount appropriated for such position.

Department employees herein provided for shall, without deduction in salary, be entitled to receive not exceeding twelve days vacation, exclusive of Sundays and legal holidays, on which State offices are closed, for each State fiscal year, such vacation period to be mutually agreed upon by the head of each department with his employees.

Provided, further, that no employee for whom a salary is herein appropriated, shall receive compensation while on vacation unless he or she has been an employee of the particular department of which request is made for not less than six calendar months.

Provided, that all departments shall be allowed to close at 4 o'clock p. m. on Saturdays; and provided, further, that the head of any department shall be authorized to excuse one-half of the employees of such department at noon on Saturdays, and that such Saturday afternoons shall not be construed to be a part of the twelve days' vacation provided for above.

The following rules shall be observed by all employees in rendering their expense accounts to the head of the department wherein they are employed, before an expense account shall be paid from appropriations herein made for "traveling expense," for employees:

1. There must be a concise statement of the duties performed and the points from which the employee travels, the hour of arrival at and departure from the designated post of duty and all other towns visited and the object of such visit and the specific expenses incurred shall be clearly shown.

2. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

3. Fees, as tips to waiters on dining cars, or at hotels or restaurants shall not be approved.

4. The use of railroad scrip books and other forms of transportation provided at the expense of the State for the heads of all State departments, except the Adjutant General's Department, and institutions and their employees, except passes authorized by law, are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates shall be used in all cases where the State is exempt from the payment of Government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

That it shall be the duty of each and every department of the State Government to make a sworn itemized statement to the Board of Control quarterly of the amount, if any, expended by said department, and especially for traveling expenses.

Provided, that no department included in this act shall use any of the means or funds appropriated to such department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters or bulletins, or any other matter, printed or written, or that will influence, or tend to influence in any way the passage or repeal of any law or appropriation affecting any department included in this bill; and provided, further, that no stenographer or clerk whose salary is paid from public funds, or who is employed in any way in any department included in this act, shall, in any way, be used or employed in preparation of or mailing out of, or in any way handling such literature, propaganda, letters or bulletins, or any other matter, printed or written, that will influence, or tend to influence, in any way, the passage or repeal of any law or appropriation affecting any department included in this act, and no such work shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Provided, that of the money appropriated herein for stamps, none shall be spent except on vouchers made payable to a United States postoffice so long as the State is on a cash basis endorsed by him.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State government for the two-year period beginning September 1, 1929, and ending August 31, 1931, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.
